## CABARET CREDITS

### Best Vocal Act

#### London Cabaret Awards 2015

Alison has been performing in cabaret from the age of 19, treading the boards of the Sydney clubs, before moving to London in 1988.

Alison began producing her one-woman shows in the early nineties, and over the last three decades she has performed her shows New York, Australia, and of course London.

She is totally at home in an intimate cabaret setting. Alison's shows vary in line-up, working with just piano to a jazz quartet or six-piece band.

Alison can also present a larger-scale show with a 17-piece big band.
